

Make the most of your roof ...

and as much hot water as you can use!

Avail of the
**SEI 'Greener
Homes' Grant***

Are solar systems expensive?

No! A solar DHW heating system costs less than most people realise. Your hot water cylinder is included in the kit price and the grant covers most of the solar panel cost.

Here is a small sample of our range:

Kit Name	To suit People	No. of Panels	Roof integrated Dims. Mm	Surface Mounted Dims. Mm	Cylinder liters	Cylinder Dims. Mm
AQUA komfort 200	1 to 3	1	2820 x 1390	2077 x 1238	200	1257 x 600
AQUA komfort 300	2 to 4	2	1820 x 2620	2077 x 2476	300	1772 x 600
AQUA komfort 400	3 to 5	3	2820 x 3850	2077 x 3714	400	1685 x 700
AQUA komfort 500	5 to 7	4	1820 x 5080	2077 x 4952	500	1808 x 750

Please note: This is just a very small sample of our range, please call for more information.

* **SEI Grant:** Greener Homes. Subject to approval by SEI. Client reclaims directly from SEI.

Installation options: Use your own roofer and plumber (ideal on new build) – Use our network of approved installers.

Product Information

WESTFA – Domestic Hot Water (DHW)
complete solar solutions

WESTFA
FLÜSSIGGAS UND
UMWELTECHNIK

Avail of the
**SEI 'Greener
Homes' Grant***

High quality GERMAN MADE system for provision of Domestic Hot Water (DHW).

High quality, highly insulated components mean your water stays hot longer and your boiler or immersion runs less. Blending valve included to enable heating of up 90 C without risk of scalding.

In typical applications the solar system will provide up to 70% of DHW requirement.

Kits are fully integrated with carefully matched and pre assembled components to save time and cost on specification and installation.

Solar Kit Includes

- Solar panels (Flat plat roof integrated or surface mount. Vacuum tube also available on request.)
- Quick fit pump and control module, with circulation pump, check valves, flow meter, bleeding valve, temperature gauges expansion vessel and solar control unit
- Three port blending valve
- High quality twin coil steel enamelled cylinder
- Pre mix glycol heat transfer fluid
